Dear Mr. Kroh:

We are writing to request Robindale withdraw the permit application previously submitted to DEP to haul Pyritic Rock to Pine Township, Indiana County.

As you are well aware, the proposed project was met with intense public opposition that resulted in PENNDOT's decision to halt the process and explore alternatives. Recent news of your continued efforts to secure a permit from DEP causes us and the constituents we represent great concern.

We believe it would be beneficial to all parties for Robindale to immediately withdraw the permit request. We look forward to learning of your decision soon.

Sincerely,

Don White
